Object: Excellent organisation of the World Freediving Indoor Championship in Belgrade

Dear Ms. President,
Dear Bozana.

I hereby would like to congratulate you and your organising committee on the very successful **World Freediving Indoor Championship**. This event was organised and ran very successfully in the beautiful city of Belgrade in June of this year.

Some of the items that made this event so successful were the following:

- The safety of the athletes was your priority, no accidents were reported
- The medical support was always present when and if they were required
- Safety divers were supportive of the athletes during every discipline
- The broadcasting and live streaming of the events on-line was flawless
- The camera coverage around the pool area was excellent and captured everything
- The hotel accommodation and dining was superior
- Only very positive comments were fed-back from the athletes and coaching teams

The accumulation of all of the above made this a very successful event. We all look forward to the next events organised by you, your team and in the beautiful surrounds of Belgrade.

Sincerely yours,

Kevin O'Shaughnessy
CMAS Secretary General
